## Company Information

Ev McLilley Wellness, Inc. was founded by its President/CEO Evadne McLilley. The business idea came while she was pursuing an elective CUNY College e-commerce class in 2013. The main project was to create a website from scratch. Evadne chose to build a “Tea Website” for her project. She was excited about the way the website turned out and the grade of ‘A’ she received from her professor although, her project was the subject of daily in-class jokes over the semester. Not daunted by the jokes, Evadne declared to her classmates at the time, that she will make her project idea a real business in the future.

After being obsessed with the tea business idea for years, Evadne incorporated Ev McLilley Wellness, Inc. in August 2016 after being laid-off from her corporate managerial position job. Not having any desire to continue up “The Corporate Ladder” she dove into her new business with much passion and pride. Teas, herbs and essential oils were the main startup products and holistic health and wellness was its main thrust.

The company and brand “Ev McLilley” were officially launched by former NYC Council Member, The Hon. Dr. Una Clarke at Sylvia’s Also Lounge in Manhattan July 2017 at an intimate, elegant, live-jazz filled “Royal Tea Party”.

In Summer 2019 the company opened a small tea boutique spot at a location opposite Whole Foods on W. 125th Street in Harlem. Unfortunately, it was closed along with all other businesses in NY in March during the COVID-19 shut down of the entire New York State. According to the President, she is currently taking the time to carefully re-build and expand her business during the shut-down period. The brand revival, will be an exclusive online store brand, catering to an even wider and more diverse community. She said, “Our aim is to WOW our customers and exceed their expectations at all levels.”

### Products/Services

Ev McLilley Wellness, Inc. provides eight main areas of services but is currently focusing on the following:

**Teas & Herbs** – Package and sell teas and herbs locally and online to an international community

**To-Go Beverages** – Bottle and sell various ice teas and tracers locally

**Healthy Lifestyle Change** – Education on holistic wellness as a lifestyle through our **Ultra-Vegan Lifestyle Program** and our **House of McLilley Tea Society** FaceBook groups and **Ev McLilley Fan Page**
